

End Of Life Notice
Notification – PLC21060
[21 January 2022]

To: Our Valued Customers

Overview: The purpose of this notification is to communicate that Renesas Electronics has begun the End-of-Life (EOL) Process on select part numbers.

In addition, we regret to announce that the supplier contracted by Renesas to assemble some power modules has informed us of their plans to discontinue support for this technology, with final shipments this year. We have been unable to negotiate an extension to this timeline, nor have we identified a suitable alternate manufacturing site. It is thus necessary to move these modules to end-of-life status on a faster-than-normal schedule.

Renesas fully appreciates the challenges this unexpected development will cause your programs, and we are committed to working with you to minimize the impact.

We want to ensure your lifetime buy needs are fully supported. To that end, please coordinate with your Renesas account executive to place orders for the lifetime quantities required of each affected power module you use by 28 February 2022, with delivery requested no later than 30 November 2022.

Renesas cannot guarantee fulfillment of any orders received after 28 February 2022 for those parts impacted by the suppliers discontinuance (LTB=2/28/22, LTS=11/30/22)

To avoid future situations like this one, Renesas has been developing new power modules using a variety of multi-sourced assembly technologies. **We remain committed to the power module product category** and will continue to release new families of power module products.

We apologize for the difficulty and look forward to working with you on a smooth transition
