## Bourns® Model TISP2xxx Overvoltage Protector Series to be Discontinued

In accordance with our ongoing product lifecycle management procedure, Bourns has identified select TISP2xxx Overvoltage Protector Series products in SOIC-8 packages that are being transferred to an End of Product Life status. A lack of sales volume and diminishing demand necessitates this action.

Recommended replacement products, [Model TISP7xxxDR-S series](#), are available. The replacement devices are close equivalents functionally. Please contact the Bourns team of Field Application Engineers if you have any questions regarding the suggested replacement parts and your application requirements.
