

Product/Process Change Notification

The new SPQ and MOQ standard for Radial, SMD and snap-in types of Aluminum Electrolytic Capacitors (Applicable for E** series)

| | | |
|--|---|--------------------------------------|
| Date: | 20th Dec. 2021 | ID Number (MMDDYY): 122021_PL |
| Affected Products | E** Series Radial, SMD and Snap-in types of Aluminum Electrolytic Capacitors | |
| Change | Refer to below for details | |
| Justification and Benefits | To improve the efficiency of production line and serve the customers with better cost | |
| Effective Date and Identification | The new SPQ and MOQ standard will be effective for those batches from Jan.1 st . 2022 | |
| To Obtain Samples Contact | Paulli@kemet.com | |
| For General Information Contact | <i>Paul Li</i> <i>Sr.Manager, Electrolytic Product Management</i> Phone: 86 139 5927 5401 E-mail: paulli@kemet.com | |
