	Metral High Speed and Metral - All Versions

Subject:	Notification of Change with Immediate Effectivity

Type of Change:	Materials Change		
Change Description:	We propose to add GXT+ as approved plating material (as per details attached) for Metral meeting the product performance specifications. There is no change to the existing plating location nor to the part numbers.		
Reason for Change:	Palladium prices have increased significantly over the last several years causing drastic increase in cost of production. We are reviewing the current product pricing. To reduce the impact of palladium metal price spiral on the cost of production, we are implementing GXT+ plating in our process. Your approval will help to limit the price increase.
