

Product Change Notification

TE Connectivity

Product Change Notification: E-16-008147

PCN Date: 22-JUN-16

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
STANDARD POWER TIMER Contact TYP A

Description of Changes
It has been detected an error in the numbering of the notes and also a mismatch information in the Customer Drawing that could cause misunderstandings in its interpretation. This change corrects this error by renumbering correctly the notes, and also by correcting the mismatch in the information shown in note number 4. The two different values of silver plating thickness shown in note 4, depending on the language of the note, are unified to the right one.
