

WSK0612 Obsolescence

DESCRIPTION OF CHANGE: WSK0612 product termination. Vishay will discontinue the clad construction design of the WSK0612. The suggested alternative will be the WSKW0612; <https://www.vishay.com/product?docid=30332>. The WSKW series is a drop-in replacement to the obsoleted WSK0612 with better performance. The WSKW0612 is equivalent with an all metal construction, but instead of a clad construction is made of a welded copper terminal. The advantages are detailed in the application note; WSKW0612 Welded Terminal Advantage; <https://www.vishay.com/docs/30333/wskw0612.pdf>.

REASON FOR CHANGE: The welded construction of the WSKW0612 is superior to the clad construction of the WSK0612 by providing improved in circuit mounted resistance value.

EXPECTED INFLUENCE ON QUALITY/RELIABILITY/PERFORMANCE: Product Obsolescence

PART NUMBERS/SERIES/FAMILIES AFFECTED: Please see materials list on the succeeding page.

VISHAY BRAND(s): Vishay Dale

TIME SCHEDULE:

Last Time Buy Date: Fri Aug 20, 2021

Last Time Ship Date: Fri Feb 18, 2022

SAMPLE AVAILABILITY: If customer converts to alternate product, WSKW; samples are available immediately.

PRODUCT IDENTIFICATION: Not Applicable

QUALIFICATION DATA: Qualification data available for WSKW by request, Full PPAP available now.

This PCN is considered approved, without further notification, unless we receive specific customer concerns before Mon Apr 19, 2021 or as specified by contract.
